

Stevens County Commissioners Journal Book C

Book C covers from 1894 to 1899.

In 1894, Stevens County consisted of the current counties of Ferry, Pend Oreille, and Stevens County.

In February 1899, Ferry County was created. Stevens County then consisted of the current counties of Pend Oreille and Stevens County.

The files names for May 14, 1894 to May 23, 1894 are listed for April 14 to April 23. When I separated all the files out by date of the meeting, I made an error and the system isn't set up to correct them.

Extractor's note June 27, 2021

This extraction is not an exact extraction. My intent is a searchable document to find individuals, places, and events. It is best to check the actual image.

- Abbreviated words are spelled out.
- I used the correct spellings of words and many names of known Stevens County officials. An example: Francois Hubert is written Ubear, Yubear and other spellings, but I used Hubert.
- Names and place: I used the current spellings of names and places. Examples: Pend Oreille is spelled many different ways and I try to use the current spelling
- [?] means I couldn't not determine what was written.
- [word or words] means I don't believe what I typed is really what the writer intended but it was the best I could come up with.
- Items with {} markings are my notes based on my research.

The bound Stevens County Surveyors Road Books are photographed to 1923 at this time and JPG versions are available from Stevens County Public Works or the Stevens County Historical Society. Road surveys start in 1884 but they appear to have been copied from earlier records at some point in 1905 or after and do not include Okanogan or Ferry County Roads.

School District notes are for Stevens County. They are based on research in Stevens County Deeds and *The Last Bell* by Alpha Naff. For other counties, contact that county's historical society.

Post Office information is from the U.S., Appointments of U. S. Postmasters, 1832-1971 viewed on Ancestry, and from the National Archives and Records Administration Post Office Locations RG 28.

Do check back for an updated version of this document as I find errors along the way.

I hope you find these images and this extraction helpful in your research.
