Extractor's note August 8, 2023

This extraction is not an exact extraction. My intent is a searchable document to find individuals, places, and events. It is best to check the actual image.

- Abbreviated words are spelled out.
- I used the correct spellings of words and many names of known Stevens County officials. An example: Francois Hubert is written Ubear, Yubear and other spellings, but I used Hubert.
- Names and place: I used the current spellings of names and places. Examples: Pend Oreille is spelled many different ways and I try to use the current spelling
- [?] means I couldn't not determine what was written.
- [word or words] means I don't believe what I typed is really what the writer intended but it was the best I could come up with.
- Items with {} markings are my notes based on my research.

The bound Stevens County Surveyors Road Books are photographed to 1923 at this time and JPG versions are available from Stevens County Public Works or the Stevens County Historical Society. Road surveys start in 1884 but they appear to have been copied from earlier records at some point in 1905 or after and do not include Okanogan or Ferry County Roads.

School District notes are for Stevens County. They are based on research in Stevens County Deeds and *The Last Bell* by Alpha Naff. For other counties, contact that county's historical society.

Post Office information is from the U.S., Appointments of U. S. Postmasters, 1832-1971 viewed on Ancestry, and from the National Archives and Records Administration Post Office Locations RG 28. End date of service is either to the closure of the post office or the day before another postmaster takes over.

Do check back for an updated version of this document as I find errors along the way.

I hope you find these images and this extraction helpful in your research.

Whereas, it is claimed by said railroad company that a large amount of said taxes are illegal and void on account of excessive, unjust and unequal valuation, which claim this board is satisfied is well founded and can be successfully maintained in court, and that any effort on the part of the county to combat this matter would involve a large and useless expense upon the county, and

Petition of Albert H. Blath for Constable, Colville Precinct, rejected.

In the matter of the remonstrance to granting a liquor license to J. C. Gillingham or another person in the Towns of Springdale. Mr. Klber appeared on behalf of the petitioners of said remonstrance and asked the Board refuse to grant a liquor license to said Gillingham or other person.

Affidavit of Rev. Owens was presented in said matter

.

Rev. Owens being duly sworn testified that he had seen boy drunk on the streets in Springdale. Could not say that they received the liquor in Gillingham's saloon. Could not say that there were many fights. The town would be considered a peaceable town. The saloon has been kept open on Sunday.

C. A. Mantz appeared on behalf of said Gillingham.

J. C. Gillingham being duly sworn testified that he always refused to sell liquor to minors. There has never been any fighting in the saloon. The boy, Ferguson and Lytton, who were reported drunk, were said to have gotten liquor from a trainman. Witness had refused to sell liquor to those boys. Witness testified that it is said that there has been less drunkenness since the saloon opened then there was before it opened. Saloon had been kept open on Sunday, prior to January 1st. Since then, it has been closed.

Mr. C. W. Campbell being duly sworn testified. I lived in Springdale in 1898. There was no saloon in Springdale in 1898. I have seen men under the influence of liquor in Springdale in 1899. I believe liquor was sold at the drug store at that time. Having seen probably 100-pint bottles of whiskey in washtubs in the drug store. I am acquainted with Mr. Gillingham. Have known him since 1890. There has been little or no criminal matter coming from Springdale. I think any man who wanted liquor could get it when there was not saloon there. There were certain boys who seemed to get whiskey whether there was a saloon in Springdale or not. There is a certain element in Springdale who want a saloon, a certain element do not want it.

Mr. Gillingham, -- I have a nickel in the slot machine. There is no gambling in the saloon.

A. Yes, round dances.

Q. Have you seen women drinking and taking percentage checks in that place?

A. Couldn't say about that saloon.

Q. Have they rooms where women stay?

A. Do not know that they have. Think they have but cannot say for certain.

Q. How often have you seen dances in that place?

A. Nearly every night I was there they danced round dances.

Q. What position do you hold?

A. Deputy Sheriff.

Q. You are authorized to look after peace and dignity of town are you not?

A. Yes, sir.

Q. You have the right to go where there is trouble have you not?

A. Yes, sir.

Q. Did you ever see women intoxicated in that place?

A. Did not see them staggering around. They were drinking good deal, but could not say drunk.

Q. Did you ever arrest a woman in front of one of those places?

A. No sir.

Question by Mr. Dehaven. Isn't it a fact that the same women stay there all the time?

A. Think they do, cannot say for certain.

All questions were asked by Mr. Irish, Chairman, except last.

In defense, John Corbet denies running dance hall, but admits they have music in saloon & that men & women sometimes come in & dance without his permission and against his will.

Friday, May 23, 1902

Board met pursuant to adjournment. Present as of yesterday.

It is hereby ordered that tax \$36.80 assessed on roll 1899 on ½ acre in northwest ¼ of southwest ¼ Section 8 Township 39 North Range East Willamette Meridian be cancelled.

In the matter of the petition of Johannah Morgan as follows:

Your petitioner, Johannah Morgan respectfully submits that it is her wish and desire that the following described lots, streets and alleys in the town of Loon Lake Park, Stevens County, State of Washington as shown by the official plat of the aforesaid town be vacated and stricken from the plat of the aforesaid town and hereafter be considered as not platted and as not belonging to the plat of said town. The lots, streets and alleys which your petitioner asks may be vacated and stricken from the plat of the aforesaid town of Loon Lake Park, and hereafter be considered as not platted property, as not belonging to the platted property of the aforesaid town of Loon Lake Park are described as follows, to wit: Lots 1 to 7 in Block 5, Lots 1 to 20 in Block 6, Lots 1 to 16 in Block 7, Lots 1 to 12 in Block 8, Lots 2-3 and 4 in Block 9 also one triangular lot marked "A" together with all streets and alleys lying south of the main track of the Spokane Falls and Northern Railway. Your petitioner asks that the above described lots, streets and alleys may be vacated, stricken from the official plat of the town of Loon Lake Park, and hereafter be considered as not platted property, as not belonging to the platted property of Loon Lake Park for the following reasons:-

The "Y" of the Spokane Falls & Northern Railway is not laid as shown in the map of Loon Lake Park. Your petitioner is unable to sell a lot in that portion of the park, should she desire so to do. It is the wish and desire of your petitioner to reserve all the ground lying south of the Spokane Falls & Northern Railway track. For another and further reason your petitioner submits that she is paying taxes on these lots and owing to the "Y" and the ground laid out for the "Y" it is cut up in such a way that the lots are not in accordance with the map. There are no improvements on the property above described. The town of Loon Lake is not incorporated.

Johannah Morgan
