

Fasting for the Cure of Disease

**HAZZARD INSTITUTE
OF
NATURAL THERAPEUTICS**
DR. LINDA BURFIELD HAZZARD, DIRECTOR
OLALLA, WASHINGTON

Jan. 31, 1911.

Miss Claire Williamson,
Riverside, California.

My dear Miss Williamson,

I have your letter of the 27th inst., and after making inquiry, I think that you will perhaps find the Buena Vista Apartments about what you are looking for. In writing address as follows: - Mr. S. M. Arthur, Buena Vista Apartments, Boylston and Olive Streets, Seattle, Wash. These rooms are nicely arranged and comfortably furnished, and I think that the rental will not be above \$50.00 the month. There will be no difficulty about the removal in the event you desired to change your location after a week or so. The building is situated away from the car lines and is yet convenient when one needs to use them.

I too am sorry about the sanatorium, but it seems absolutely impossible to even think of opening it before June or later. I shall however, be able to take good care of you while here, and in case you are not suited after correspondence with Mr. Arthur a letter or wire to me will cause me to promptly attend to your quartering in comfort elsewhere. Looking forward to seeing you both by the end of the month, I am,

Faithfully yours,

Linda Burfield Hazzard

P.S.

Don't forget what I told you about your diet!
